ACCENTI 2021 CONTRA COSTA COUNTY VERDELHO CALIFORNIA

Organically grown suitcase clones from the island of Madeira grow in Tom Morgan's Evina Vineyard, a sandy vineyard surrounded by nut and fruit orchards.

After Lorenza foot-tread a portion of the grapes and left them to macerate, the whole cluster-pressed juice was split into three fractions: stainless tank, stainless barrels, and neutral oak barrels. The skin-contact portion was barreled down to neutral oak later.

Slow, spontaneous fermentations in the different vessels give the final blend the precise layers of a samurai sword while keeping flavors uplifting and complex.

Soft and crisp with fragrant chamomile, jasmine, oyster shell, meringue, and lemon zest."

Varietal Composition: 100% Verdelho
Appellation: Contra Costa County
Aging: Neutral oak
Farming Practices: Organic

Velue, because everything what i vinify is grown in my own vineyards; bio-dynamically farmed and minimalistically vinified. Velue because I create my own individual wine style and do not force corsets on my wines. A lot of structure, perfect lightness and drinking fun characterize my Velue line."

CANTINA DEL GIUSTO 2019 SAN CLAUDIO II VINO NOBILE DI MONTEPULCIANO ITALY

"The Cantina Del Giusto is a small size farm situated near the foot of Montepulciano in the area of Acquaviva; it is managed by the family Del Giusto, by their three generations of winegrowers. The wines of the Cantina Del Giusto are obtained exclusively from grapes that come from their own vineyards; thanks to the limited production it is possible to concentrate on the quality without the need for force, as tradition desires, with complete respect for nature and the environment. It is thus that our wines born, fine and exceptional wines that succeed in being "innovators" thanks to the modern technology and new enological practices but at the same time "traditionalists" thanks to the centenary knowledge of agriculture and winemaking."
